

SWICOFIL

global yarn and fiber expert

Located in the heart of Switzerland (Lucerne), Swicofil AG operates in the global yarn and fiber business as the exclusive sales team of leading yarn and fiber specialty producers.

For your project, we are also able to intensively advise and accompany new and innovative projects in order to prevent problems from happening right at the beginning.

With experience and knowhow of over forty years, Swicofil not only finds the perfect pro-

duct for your project, we are also able to intensively advise and accompany new and innovative projects in order to prevent problems from happening right at the beginning. Swicofil is thus structured into two parts: **SWICOFIL COMMERCE** and **SWICOFIL CONSULT**

SWICOFIL CONSULT

*yarn and fiber consulting specialist -
for new and improved solutions.*

Nothing is impossible - even though it may seem like that sometimes. With Swicofil Consult, extraordinary ideas do not get rejected but thoroughly tested for the entire process of your project - from the beginning.

Not only evaluation is included in the remit of Swicofil Consult. Swicofil Consult also stands for support along your entire project as well as engineering optimal solutions for complex problems in any part of your project in regard of processing yarns or fibers.

WHAT MEANS THAT? Evaluation of your project/problem and technical chances or possible alternatives in terms of yarn and fibers from the beginning of your project.

WHAT ENABLES YOU TO DO SO? 40 years of experience in the yarn and fiber business in most diverse applications (please refer to p.4 for an insight).

WHY SHOULD I DO THIS? Less invested money and time in the overall sight.

FOR WHAT KIND OF PROJECTS? The newer and the crazier, the more challenging (and interesting) for us.

SWICOFIL COMMERCE

commercial and logistical partner for yarn and fiber specialities.

Swicofil Commerce is your problem solver for any yarn and fiber rawmaterial needs with a special focus on specialities.

Close cooperation with high quality and well reputed producers from all over the world guarantees a great service and fast reaction time. This statement also includes that Swicofil Commerce is on your side, supporting your project whenever it is needed.

THE POSSIBILITIES

From monofilaments to tows to tops in various materials, textured yarns, conductive yarns, yarns with a special twist; nearly everything is possible for Swicofil Commerce to source for you.

Below a short impression of the kind of materials that are in our programme:

& many more materials. For a complete oversight, please visit www.swicofil.com/products.html

AN INSIGHT INTO THE WORLD OF SWICOFIL

The world becomes more complex and dynamic with every day and so do the requirements of your customers. Swicofil helps you meeting these new forms of demands through our distinct knowledge in the fields of today as well as of tomorrow:

technical engineering

such as outer space, heating, wind power

communication + sensing

such as RFID, power supply, stimulation, reflection

protection + security

such as shielding, anti bacterial, ESD

luxury + jewelery

such as apparel, watches, gadgets

medical + health

such as inbody applications, cosmetics, supports

filtration + separation

such as solids, fluids, gas

green + sustainability

such as natural and biological solutions

and all other yarn and fiber applications where functionality, quality and reliability are vital for your success.
